

The Ultimate Value is Performance

Supaweb FW-300

High Performance Web Blanket

The FW-300 is a new generation web blanket designed to deliver vibrant 4 color print quality on high-speed heatset and single width newspaper presses.

■ Outstanding Durability and Long Life

Using specially formulated "*anti-swell*" surface compounds and a robust new "*low-sink*" carcass, the FW-300 provides a high level of durability and endurance to ensure trouble free production and long life

| Specifications | | Cross Section |
|----------------|--------------|--|
| Type | Compressible |  |
| Thickness | .067, .077 | |
| Color | Blue | |
| Hardness | 82 (Shore A) | |

■ Features

- Outstanding half-tone and solid printing
- Minimum gauge loss and consistent paper feed
- Improved web release (less web flutter)
- Excellent ink transfer (reduced start-up waste)
- Unique "*instant recovery*" compressible layer
- High resistance to both mineral and soy oil based inks
- Reduced adhesion of paper dust
