

Vulcan 914™

The Premium
Compressible Blanket
For Metal Decorating
And Packaging
Using Conventional Inks.

REEVES
BROTHERS, INC.

VULCAN 914™

Engineered. Not Just Manufactured.

Construction Features

Specially Blended Top Compound

Low-Compression-Set, Gauge-Retentive, Ply-Up Rubber

Combination of Low-Compression-Set Compounds, New Fabrics, and Fine Face Finish

Buffed Face Compound

Performance Features

Greater Resistance Against Swelling and Embossing

Maintains Required Print Height

Better Smash Resistance

Benefits

Extra tough to resist cutting. Easy wash up.

Bonds fabric layers to each other permanently.

Reduces gauge loss and blanket stretch. Resists smashes, plus creates a firmer blanket for better dot reproduction.

Facilitates sheet release.

Benefits

Promotes longer blanket life and less downtime.

Allows better print quality.

Assures longer blanket life.
